

APPRENTICES WANTED

APPLICATIONS OPEN NOW TO
START IN EARLY 2018

- Kick start your career
- Earn while you learn
- Comprehensive training at state-of-the-art training centre
- All educational fees and expenses paid

ENDEAVOUR ENERGY APPRENTICESHIPS ARE NOW AVAILABLE

Endeavour Energy is calling for ambitious and self-motivated people to train as electrical apprentices starting in early 2018.

If you're up for a challenge and eager to learn and you like:

- working with your hands
- working outdoors
- gaining experience on different projects in different locations
- being part of a motivated team that gets the job done
- providing an essential service highly valued by your local community

then getting started is as easy as applying at www.endeavourenergy.com.au.

ENDEAVOUR ENERGY APPRENTICESHIPS ARE A GREAT WAY TO EARN WHILE YOU LEARN AND KICK START YOUR CAREER.

Endeavour Energy provides:

- comprehensive training in a safe working environment
- payment of all educational fees and expenses
- all the tools you need for the job including your uniform, boots and personal safety equipment
- comprehensive training at our state-of-the-art purpose built Technical Training Centre at Hoxton Park
- a nationally recognised trade qualification
- access to rewarding careers in trade, engineering and project management roles.

Take the first step towards a rewarding career by applying to become an Endeavour Energy apprentice in 2018. We encourage both women and men to apply.

Completing your apprenticeship opens the door to progress your career through:

- ongoing training & development
- mentoring and employee assistance programs
- supportive team environments
- study assistance
- leadership development programs.

Check out the careers section at www.endeavourenergy.com.au and complete your application to unlock your future.

You can also check out some first hand accounts from successful Endeavour Energy apprentices who are on the road to a rewarding and fulfilling career.
